## On-Page SEO Results

### Your On-Page SEO could be better

Your page has some level of On-Page SEO optimization but could be improved further. On-Page SEO is important to ensure Search Engines can understand your content appropriately and help it rank for relevant keywords. You should ensure that HTML Tag Content is completed correctly and align text content to target keywords.

## Title Tag

You have a title tag of optimal length (between 10 and 70 characters).

Home - NHSGGC

Length : 13

## Meta Description Tag

Your page has a meta description tag however, your meta description should ideally be between 70 and 160 characters (including spaces).

NHS Greater Glasgow and Clyde provides and manages a wide range of health services including hospitals and General Practice with the Greater Glasgow and Clyde area.

Length : 164

A meta description is important for search engines to understand the content of your page, and is often shown as the description text blurb in search results.

## SERP Snippet Preview

This illustrates how your page may appear in Search Results. Note, this is intended as a guide and Search Engines are more frequently generating this content dynamically.
